

Catholic Families of Southern Maryland: Records of Catholic Residents of St. Marys County in the Eighteenth Century

St. Marys residents played a key role in the development of the Catholic Church throughout the whole of America, providing the spearhead of the westward expansion of Catholicism. In 1785, for example, the first of many Catholic families from St. Marys crossed the mountains to find land in Kentucky, while a few years later, driven by economic necessity, others migrated to Georgia, Missouri, Louisiana, and Texas. Mr. O'Rourke has collected many of the earliest surviving records of the Catholic families of St. Marys County, Maryland. The most significant portion of the work contains the marriages and baptisms from the Jesuit parishes of St. Francis Xavier and St. Inigoes, which, in the case of baptisms (1767-1794), give the names of children, parents, and godparents, and the date of baptism; and in the case of marriages (1767-1784), the names of the married partners and the date of marriage.
