

## Communicate: 1: Workbook

Following a step-by-step structural sequence, this beginners course in American English offers student-initiated presentation, active vocabulary development, consolidation through picture prompts, language extension, communication activities, and review exercises. The materials available are students books, teachers books, workbooks, audio-cassettes and audio-CDs. The course is available in two editions, offering the choice of two levels or (in the split edition) four. Photocopiable materials in the teachers books support communication activities at each level. This is the first of the two-level workbooks.
