

Cross Country: Workbook Level 1 (CRCO)

Cross Country is a four-level course for ten or 11 year old beginners. Features include: initial slow pace, increasing as pupils gain more confidence; regular grammar units involving the pupils in active understanding; systematic pronunciation practice; vocabulary learning through cognates; active participation in building up word banks; listening based on dialogues, songs, music, special effects - and childrens voices; introduction to English-speaking culture in relation to the pupils own society. The cross-cultural element of Cross Country is provided through the presence of real-life children: Max from London and Brigitte from Montreal. Learners are thus introduced to language, topics and activities appropriate to their age group. A scrapbook element in the workbooks encourages them to build up parallel records of themselves and their own lives - in English.
