

Lead For Life: 7 Essentials for Upright & High-Impact Leadership

Why leave death in your trail when you can post a flourishing destiny for individuals, organisations or nations that you lead? To achieve the latter, especially in the corrupt world of today, we must look beyond the general leadership phenomenon. We must strategically seek those features that manifest upright discipline, dedication, and determination about a cause that goes far beyond our selfish interests and touches many lives positively. This is the lead for life agenda that I set out in this book. If ever the world needed anything fundamental, with the ongoing challenging moral and resource circumstances, it is this agenda and it is now. This book beams a searchlight on this most crucial issue for our century and seeks to arm all of us with those essentials that can position us to shift the pandemic of leadership failure around. Why wouldnt you enlist in this agenda?
