

No Place For A Pony

Holly looks forward to having her pony Top Secret at their new home, Withy Cottage. But what is the significance of the ancient standing stone in the overgrown orchard and why are people so reluctant to talk about it? Who lies in the lonely grave beyond the churchyard walls and worse, what are these scary dips into the past that seem to be taking Holly over? No way is she bringing Top Secret here until the mystery is solved. Deliciously creepy pony story that will have you turning the pages to see what happens next and will tell you lots about how to get your act together with a new and lively pony.
