

## Perspectives on Argument (Seventh Edition)

In full color with over 100 illustrations and corresponding discussion questions, Perspectives on Argument provides the visual appeal that you expect and gives timely consideration to visual argument in our media-oriented culture. At its core, this text continues to present Nancy Woods intuitive explanation of Toulmin, Classical and Rogerian approaches, and rhetorical and visual analysis. Her classroom-tested assignment sequence allows you to progress from easy to more difficult writing tasks and to integrate reading, thinking, writing, and research skills at every stage. The many readings and visuals helps you consider the range of opinion before refining or formulating their own.
