

Translating Tourist Texts from Italian to English as a Foreign Language (Linguistica e linguaggi) (Italian Edition)

Questo volume, scritto in lingua inglese, si occupa della traduzione di testi turistici dall'italiano all'inglese: i destinatari sono studenti universitari di Lingua Inglese o di Traduzione che hanno già raggiunto il livello B2 del quadro comune europeo di riferimento per la conoscenza delle lingue. Il volume costituisce una novità nel panorama editoriale in quanto si occupa esclusivamente di traduzione verso la lingua straniera, direzionalità che comporta problematiche molto diverse rispetto alla traduzione verso la lingua madre. Le 15 unità traduttive sono corredate da testi da tradurre, ciascuno accompagnato da una proposta di traduzione e da una discussione volutamente user-friendly di aspetti inerenti al processo traduttivo. Gli spunti di discussione provengono da soluzioni traduttive, sia corrette che sbagliate, proposte da studenti universitari di Lingua e Traduzione Inglese iscritti a corsi di laurea magistrale. Il capitolo introduttivo, di carattere discorsivo-teorico, è seguito dalle unità traduttive che sono di impronta fortemente linguistica: viene incentivato l'utilizzo di risorse accessibili online come corpora elettronici (in primo luogo il British National Corpus), archivi di quotidiani in lingua inglese e dizionari elettronici sia bilingui che monolingui.
