

Interactive Applications: Punctuation, Capitalization, and Number Style

Interactive Applications, Punctuation, Capitalization, and Number Style by Richard D. Featheringham, Central Michigan University, is designed to be used as a guide to basic punctuation, capitalization, and number style usage. This book may be used as a refresher course in basic communication or it may be used to teach and review English mechanics. It may also be utilized as a supplement to any other course or area, or as a self-help for individuals. Features include: work alone or under teacher direction throughout; covers principles of communication mechanics; diagnostic tests with answers at the beginning of each section; achievement tests and answers after final unit; and, spiral bound format allows for efficient use of the book.
