

Oxford Bookworms Library Factfiles: Stage 3: Australia and New Zealand Audio CD Pack (Oxford Bookworms ELT)

What do you find in these two countries at the end of the world? One is an enormous island, where only twenty million people live - and the other is two long, narrow islands, with ten sheep for every person. One country has the biggest rock in all the world, and a town where everybody lives under the ground; the other has a beach where you can sit beside the sea in a pool of hot water, and lakes that are bright yellow, green, and blue. Open this book and start your journey - to two countries where something strange, beautiful or surprising waits around every corner.
