

## The Underground Santa Claus

Timothy Vale loves being in New York City during Christmas but when his parents take him to dreary London for the holidays, Timothy is sure his chances of having a magical Christmas are ruined. That is, of course, until he spots the real Santa Claus driving a train full of presents on the Underground. Join Timothy and Gringle, the elf, as they head out on a midnight adventure across London and beneath it in a tale filled with magic trains, living toys and the secret to giving the best Christmas gift of all. This holiday book was specially written to be read aloud by parents to their children. It is perfect story for bedtime in the weeks before Christmas. Please note: This edition is text only and does include illustrations.
